## IAEM International Region

If you are an IAEM member who does not reside in the United States, or in the geographical areas served by IAEM Canada, IAEM Europa or IAEM Oceania, here is a listing of your national representatives. You are invited to get involved in the work of IAEM.

National representatives are volunteers who hold a position, or have a network of contacts, within their country's EM community. They are members who have agreed to represent IAEM in their country and recruit members with the objective of creating a viable number of members to form a new Region (75). All that is required of them is that they allow their details (name and e-mail) to be posted as a point of contact in their country for those interested in finding out about or joining IAEM. Each month they are asked to update the Regional President with a report on activity and items of interest in their

part of the world. Their activities to grow a truly international association of EM professionals are supported by IAEM HQ and the Regional President.
